Convention Hall, Cleveland—
Whatever of a cloud there may
have been over the republican na-
tional convention from the La Fol-
lette bolt was dispelled by the ac-
tion of the delegates Wednesday
night at the adjourned session, with-
out making matters of the Wiscon-
sin 28.The platform then presented was
defeated with all the delegates vot-
ing against it except the 28 and the
6 from North Dakota. There was
no roll call.Henry Allen Cooper wrote his
own epitaph in his address. He
had expected to be a martyr. He
had anticipated all sorts of rough
treatment but Chairman Mondell
held the delegates and galleries in
check. There was some applause
for Cooper from the galleries and
from Wisconsin. Instead of being
full of fireworks and starting a fight
and disturbance, the whole proceed-
ing of presenting the minority
platform was so dull and drab as to
be almost colorless.There had been no second to the
motion made in the resolutions com-
mittee for the La Follette platform.
Under the rules it would have slum-
pled right there and never gone
further, had the republican con-
vention heads wanted to cut within the
parliamentary law that would be the
result.Demonstration for Cal
The convention assumed the air
of a republican national meeting
when Senator Charles McNary of
Oregon started it when he men-
tioned the name of Calvin Coolidge.
In reading the resolutions, "There
was the old time pep and shouts,
and when the name of Calvin Coolidge
was mentioned, the delegates yelled
until hoarse and spectators in gal-
leries and on the main floor at first
joined in and then tried to watch
the proceedings. Wisconsin de-
legates stood solidly in their seat. Tom Scott
was standing. It lasted long enough
to be a demonstration in force.Chairman Warren, of his own
volition, permitted it to go in and
in spirit of American day, without
any parliamentary objection
and by suffrage only, was it
given to the delegates.There were few jeers, some ap-
plause. The delegates of the
hand clapping among the 24 in Wis-
consin and North Dakota.Chairman Mondell called the gal-
leries to four cheers. Mr. Cooper
thanked him for his courtesy.The delegates came with great
anticipation of a fight. It had been
well advertised. There was none
and no one could carry the
badge of the martyr. There was no
attempt on the part of officers of
the convention to hamper the Wis-
consin delegation in getting a hear-
ing.Thirty-eight persons went away
sore because they had not been
crucified on a cross of gold.Congressman Cooper looked tired
and white as he spoke, he realized
that he was taking himself out of
the republican party by battling for
a man who was soon to announce
himself as a candidate with no hope
possible but to defeat the party.The delegates were under a
tremor of nerves. They were not
written or pledged openly. There
was a better feeling when the con-
vention had adjourned and the busi-
ness of the day was over. There
had been a concert by hand
and organ.Scene Is Brilliant
The great organ of this seven mil-
lion dollar hall, with its rich dis-
position filling every nook and cranny,
while from above in the ceiling and
along the high walls all the colors
of the spectrum gave brilliancy to
the unrivaled effect of a Wisconsin
sunrise.With the platform out of the way
there was nothing to interest be-
tween the nomination of the presi-
dent this morning. That was the
job for which the delegates came—
the nomination of Calvin Coolidge—
and they did it.PRESIDENT HEARS

Mate of CoolidgeDR. BURTON EXTOLS
CALVIN COOLIDGE
AS MAN, LEADERBy STEPHEN BOLLES
Convention Hall, Cleveland—Presi-
dent Marion Burton, big in body, at
perfect ease, driving home his points,
made a nominating speech differing
from any other ever made in a na-
tional convention.There was nothing of the spread
eagle, no discussion of exalted
political issues, but an analysis of
great fundamental truths, in Ameri-
can life and character with applica-
tion to Calvin Coolidge. It was a
psychological analysis rather than a
political speech.His audience listened with an in-
tense seldom equalled in conven-
tions and at its close, was given
the splendid ovation it deserved.(By Associated Press)
Cleveland.—The text of the address
of President Marion Leroy Burton of
Michigan university, placing the
name of President Coolidge before
the republican national convention
follows:"Mr. Chairman, ladies and gentle-
men, fellow republicans and fellow
citizens of America, the greatest
country the world has ever known:
"This hour is fraught with solemn
obligations. Not a single member of
this convention can escape that fact.
A great party with a noble heritage,
with wise leaders, and with respon-
sibility for the government today,
has convened to nominate a candi-
date for the presidency of the United
States of America. No higher office
exists among men. For a time, and
by consent of the people, it places
unfathomable forces at the disposal
of one man. America today occupies a
unique position of leadership in the
world. Her financial strength is un-
paralleled, her scientific and indus-
trial activities are enormous; her
educational, religious and phil-
anthropic institutions and agencies
are maintaining with vigor the cul-
ture of the greatest and most val-
uable of the nations. In nominating
this man to succeed himself you are vir-
tually choosing the next president.
Such a task cannot be undertaken
lightly."From Long Acquaintance.
"I shall speak as one who for
years has known the president. The
people have an unshakable desire
to know about the life and ways of this
man. The better you know him the
more you will trust him. The more
carefully you study his written
words the more certain you will be
of the clarity of his mind, and the sound-
ness of his judgment. There is no
real statesmanship without these
qualities. His function is to pro-
tect the man. The emphasis must be
just there. My primary task does not
concern policies or platforms as such.
These must, of course, serve as high-
lights of the man. I am asked to tell you why
I believe the president should succeed
himself and formally to place his
name in nomination.""To describe him in spoken or
written words is quite impossible.
Personally I feel the rigid barriers of
speech. To know any man you must
see him. To know this man you
must spend time with him. As he
himself said of Lincoln: 'The great-
ness of all times baffle all analysis
and all description.'""One thing we can say. He illus-
trates the paradox of greatness. A
paradox is something which is 'ap-
parently absurd yet true.' Anyone
will tell you he is a man of no
pretensions. In keeping with his real qual-
ities I shall make no effort to exalt
him for he does not need it. It would
be grossly inartistic and inconsistent.
He is not a superman and would be
the last to think so. There is not a
trace of show or ostentation about
him for he does nothing merely for
appearance. He may be an example,
but he would never set one. His
quiet, unobtrusive, and natural way
of doing things was beautifully and
graciously illustrated during the sad

Galesburg, Ill.—Loss estimated at
\$1,000,000 or possibly more, was oc-
casioned by a tornado and hail storm
that swept over this section at 6
o'clock this morning.North windows in almost every
building in the city were broken by
the hail, which reached the size of
hens' eggs. Farm and garden crops
are ruined.Reports from the country are that
considerable live stock was killed.
Damage in the city alone will
reach close to a million dollars, ac-
cording to Mayor E. F. Murean, the
city waterworks plant being damaged
to the extent of \$300,000. The tor-
nado and hail was apparently worse
in the north and west part of the
city.In one farm a hundred head of
cattle were reported to have either
been killed by the hail or drowned
in the Horn Spoon river which
reached flood stage in a short time.
The storm lasted about 20 minutes.
Many trees were stripped clean of

Convention Hall, Cleveland.—Some-
body missed. The new "Old
Guard" doesn't function too well.
Senator Borah was all but nominat-
ed in the early hours of the morning
here. Everybody was for it except
Senator Curtis himself. And when
they told him he emphatically de-
clined, thus joining Frank Lowden
of Illinois and Herbert Hoover of
California, who regard the vice
presidency as an unpleasant inter-
ruption to their chosen tasks.Just who started the idea that the
Idaho senator would accept is a
mystery. The delegates from 13
farm states were busy engaged in
talking about representative Dick-
inson of Iowa and sent a committee
to confer with the new "Old Guard"
at another hotel when William M.
Butler, pre-convention manager for
President Coolidge and the next re-
publican national chairman, said:"It's all settled, we shall nominate
Borah. The president wants him.
That's all there is to it."The newspapers were astonish-
ed. They knew all about Senator
Borah's conferences with President
Coolidge in the last fortnight, con-
ferences in which Mr. Borah said
something to this effect to the presi-
dent:"There's no use talking about me
for the vice presidency. I would
have to recant on my beliefs, which
I would not do, or you would have
to recede from your views on cer-
tain subjects which I know you
would not do."So the reporters telephoned Sen-
ator Borah and asked him if he had
changed his mind. He returned
his position and telegraphed the
leaders here that he would not ac-
cept. The letter insisted they had
received assurances to the contrary.
Mr. Borah said he was not a
man who would change his mind
and is popular in Iowa and the
west.Situation Shifted.
The organization of the farm states
for Kenyon, plus Mr. Coolidge's own
organization, on a progressive, shifted
the situation to Kenyon when How-
ard and Borah eliminated themselves.
Mr. Kenyon is called a radical by
many but he is really a progressive
with a touch of conservatism. At
any rate, his friends in the senate
always regarded him as safe and
sound. He endorsed Senator Brook-
hart and is popular in Iowa and the
west.Battle Against Deadlock
The new "Old Guard" is working
hard to prevent Senator Kenyon
from being nominated in the
convention and a deadlock. It com-
prises Senator Wadsworth of New
York, Secretary Mellon and Senator
Pepper and David Reed of Penn-
sylvania; Charles D. Hilles, national
chairman. (Continued on Page 4)ROCK COUNTY FAIR

HERE'S PLATFORM IN BRIEF

Cleveland.—Following is a summary of the leading provisions in the
republican platform, adopted Wednesday night.American adhesion to the world court as recommended by
Coolidge.
Election of Congress members who believe in republican principles
and acknowledge party responsibility.
Demand for speedy prosecution of all wrong doers in official positions.
Right enforcement of the law, but without specific mention of
prohibition.Scientific readjustment of railroad rate schedules to encourage agri-
culture and basic industries.
Enactment of measures to place agriculture on a basis of economic
equality with other industries and government assistance in reorganization
of marketing system and in diversification of crops.Progressive reduction of the taxes of all the people and plac-
ing of federal tax system on a sound, peace-time basis.
Commendation of the "firm insistence" of President Coolidge on rigid
government economy.
Settlement of foreign debts growing out of the war on basis of agree-
ment concluded with Great Britain.Reaffirmation of belief in protective tariff policy with safeguard au-
thorizing president to adjust duties to prevent excessive taxes and too
high customs charges.
Renewal of a pledge to give the wounded and disabled war
veteran relief.Application of the civil service law to the prohibition enforcement
field force and to postmasters in first, second and third class postoffices.
Improvement of management of government owned merchant mar-
ine with a view to ultimate sale to American citizens.Continuation of federal co-operation in highway construction.
Development of oil, timber, coal or water power resources only as
needed and only after the public need has become a matter of public
record.Opposition to nationalization or government ownership of
utilities.
Declaration of faith in the eight hour day for labor.
Reaffirmation of "unyielding devotion to the constitution and to the
guarantees of civil, political and religious liberty therein contained."Enactment of federal anti-lynching law and creation of a commission
to promote understanding and confidence between races.
Increased participation of women in party councils.
Authority for president, where supply of coal is threatened by
industrial conflict, to appoint a commission to act as mediator and
to control distribution to prevent profiteering.Development of waterways system from the great lakes to the Atlan-
tic seaboard and to the Gulf of Mexico.
Universal mobilization of man power and industry in time of war.
Approval of general provisions of new immigration law.
Maintenance of navy at full strength authorized "by letter and spirit
of Washington treaty" no further weakening of regular army, and train-
ing of national guard and reserves.Creation of cabinet post of education and relief under which
the welfare activities of the government would be grouped.
Opposition to Philippine independence at this time, but willingness to
leave determination in hands of congress.
Constructive development of Alaska.Kenyon "Not

Near-Unanimous
Convention Vote(By The Associated Press.)
Convention Hall, Cleveland.—Calvin Coolidge was all but
unanimously nominated for the presidency today in the repub-
lican national convention. The voices of the little group of La
Follette men from Wisconsin and North Dakota, who have stood
throughout the convention in militant insurgency against the poli-
cies of the party leaders, were almost swallowed up in the tre-
mendous wave of acclamation that formally ratified Mr. Coolidge's
choice as the standard bearer of his party. It was the
plan to choose the president's
running mate at another ses-
sion this afternoon. Then the con-
vention will adjourn and the party
will go before the country.Not in many years has a repub-
lican convention come so near to
unanimity in its selection of a nom-
inee for the presidency. Placed in
nomination by Mr. Marion Leroy
Burton of Michigan, Mr. Coolidge's
name threw the assembled delegates
into another old time demonstration
and, when the roll call began, state
after state took its place in the
column of his supporters. The callConvention Hall, Clevel-
and.—The first congressional
district of Wisconsin kept
into prominence when Thom-
as Scott, delegate from Ken-
nosha, made the motion to
make the motion of the Coolidge
nomination unanimous.
Scott had been slated to sec-
ond the nomination, at first.of the states was scarcely half over
when the necessary majority to nomi-
nate had been recorded in his favor.When Wisconsin cast 28 votes for
Senator La Follette and one for
President Coolidge, the galleries
boiled and hissed again, and there
were shouted demands to bring the
one Coolidge delegate to the plat-
form. He was Thomas Scott of
Kenosha, Wis.When North Dakota was reached
and seven votes were cast for Coolidge
and 6 for Senator La Follette,
the Coolidge delegates were called
for and ordered.The Coolidge and La Follette dele-
gates vied with one another in the
vigor of their announcement of
their votes. The convention cheer-
ed for Coolidge and booed and
hissed the La Follette votes.The poll did not change the re-
sult, its purpose being to record
those voting for Coolidge.With the exception of a very few
voices the nomination of Calvin Coolidge
is made unanimous, announced
Chairman Mondell. After leaving the
platform, Mr. Scott took a seat
among the Vermont delegates and
did not return to his chair in the
Wisconsin section.Charles B. Warren of Michigan
then moved that the convention
adjourn at 2:30, after which the
action could be put or voted upon
the convention was on its way to
luncheon. The brief rest period
preceded the balloting for vice presi-
dent, which was the promise of running
the convention into a prolonged
night session.WHITE HOUSE TUNES

Remus recently told a senate investigating committee that he paid the late Jess Smith, friend of Harry Daugherty, huge sums for "protection."

BREATH OF DEATH

Insects seem to dally over eating poison powder or liquid. But there is a way that leaves them no choice. Breathing through a score of pores, they take one whiff of El Vampiro and die. Give the house a puffing of El Vampiro, and there'll be no more roaches, flies, bed bugs or ants. Free chickens and plants of lice, dogs of fleas, cabbage of worms. El Vampiro comes in the YELLOW bellows box, 10c and 30c. And there's a big sifter-top can for \$1.25. There's Liquid El Vampiro, too, for flies. It's just as potent. Russia Seeks

Its Legation

[BY ASSOCIATED PRESS] Peking.—A foreign office inquiry as to whether the powers, signers of the protocol covering control of the location quarter, would surrender the Russian legation property has brought a response that any communications regarding the matter must be addressed by a representative of the present soviet regime in Russia to the diplomatic body direct. Presumably the inquiry was a result of China's recent agreement with Russia, one phase of which was an undertaking by China to turn over the Russian legation and consular property to the present Russian government.

"YOUR refreshments are always so delightful, Mrs. Meredith. Those home baked Dutch style cookies, especially, are so good—won't you let me have your recipe?"

"Why Mrs. Harris—I didn't make them. Turn it over—see that name 'Dandy'? They're made by Johnston's—Wisconsin's biggest bakery. My husband and the children always ask for Dandys—they like the sliced almonds. I like the spicy taste, too, so we serve them every day."

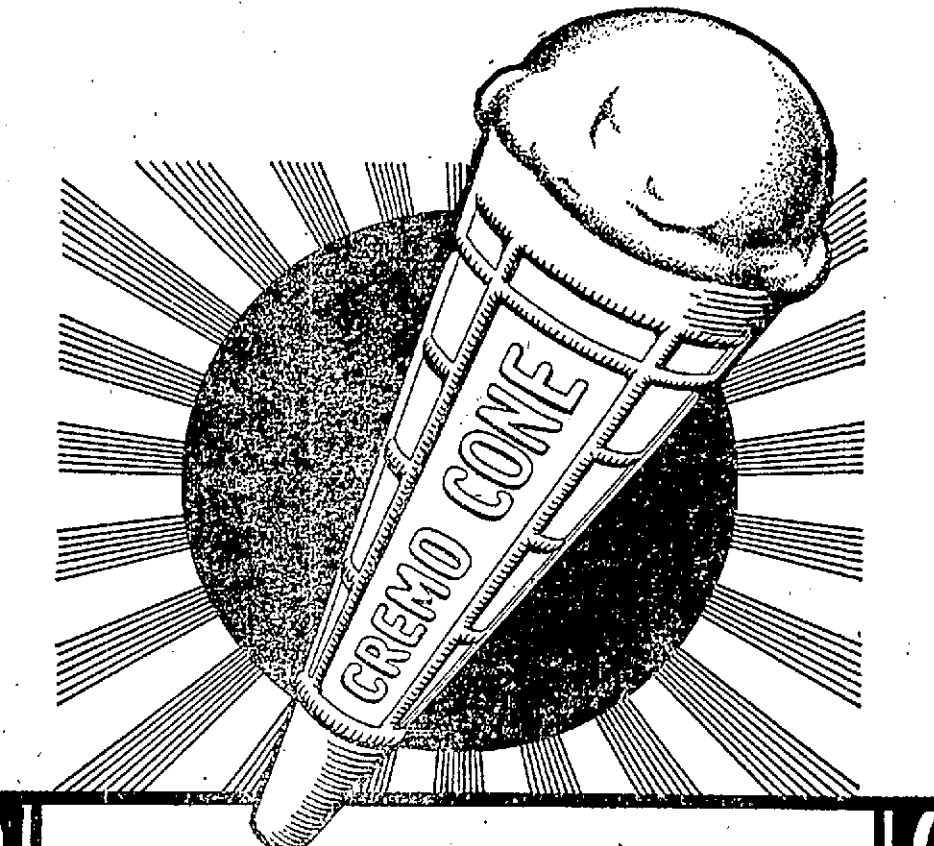

"But they're so fresh and brown and crisp!"

"Of course. Your grocer gets them direct from the oven every few days."

Recipe for Johnston's Dandy Turkish Sandwich

6 oz. dates
 6 oz. figs
 1/2 cup water
 1 tablespoon sugar
 1 teaspoon butter
 2 oz. chopped walnuts
 Put second date, figs, small blade food chopper, add water, sugar and butter, hold to a smooth paste. When hot add nut meat—mix between two Johnston's Dandy Cookies. Above sufficient for 12 to 14 sandwiches.

PARKERS RETURN
FROM WORLD TRIPJapan Controversy About Over,
Janesville Manufacturing
Man Believes.

Returning from an eight months' trip in which he traveled around the world, covering 35,000 miles, George S. Parker, president of the Parker Pen company, said Thursday in an interview that he did not expect that the harmful effect to American and Japanese relations, either diplomatic or business, would result from the United States exclusion act.

His candid opinion is that matter has about reached the peak, said Mr. Parker, referring to the display of feeling by the Japanese against the American action excluding them from this country. "The Japanese are very proud and want to display their feeling and show that they feel insulted, but they can't afford to carry it too far. We are their biggest buyers."

Mr. Parker said few knew that what the United States has done to them, they have done to China, being faced with the same economic situation. "Chinese coolie labor is cheaper than the Japanese."

"It would be just about as sensible to separate Texas from the United States as to give the Philippines independence," Mr. Parker said in referring to this country, among those he visited.

Japan is Recovering

Japan, Mr. Parker found, is rapidly recovering from the devastation wrought by the earthquake and typhoon. Temporary buildings had been erected when Mr. Parker was there last November and December. Fourteen per cent of the factories have been rebuilt.

Tokohama, which was hit worse than Tokyo, conditions are not so good. The Japanese have the city built up, but at this time nothing but a jumbled mass of ruins. The American consul was housed in a tent.

Mr. Parker, accompanied by Mrs. Parker, his daughter, Miss Virginia, arrived home Wednesday night after a 10 day trip across the continent, having disembarked at Los Angeles May 20. They stayed several days at San Francisco and Los Angeles.

In addition to Japan, China, Korea, the Parkers visited Burma, India, Australia, Java, the Philippines and Hawaii.

Fish Trial Held
Without a Judge

Testimony was taken in municipal court here Thursday morning in the case against Edward Shilken, Jankil, Albert Metzinger, William Doyle and Fred Brun, charged with dynamiting fish in Turtle creek.

William Doyle, a witness in the case of Maoney vs. Kennedy and Burns, and Justice Charles Lander away on a vacation, the trial was conducted with a judge on the bench. The testimony will be transcribed and submitted to Judge Madison G. Deacon.

District Attorney S. G. Dunwiddie appeared for the state against C. M. Shilken, the defendants. The case against Frank Waggoner, who was at first thought to be with the other four, has been dropped and only four are being prosecuted.

Theses were: C. A. Gray, game conservation warden, Avon Ream, William Ludwig and Harry Fuchs.

MANAGER PROBES
"GAS" SITUATIONPossibility of City Entering
Gasoline Business Is Con-
sidered Here.

Gasoline at 16 cents or less per gallon, by its availability in Janesville, as compared to the present retail price of 18 cents and up.

This forecast was made Thursday when it became known that City Manager Henry Traxler is giving serious consideration to a proposal that Janesville enter the gasoline business as a municipality, or at least a semi-private enterprise, to regulate the retail prices. The attorney general has held that cities may engage in the business and one of two Wisconsin cities have already announced to do so.

While Mr. Traxler says Janesville could go into the retailing of gasoline at comparatively small expense and reduce the price several cents per gallon, nevertheless he has made no decision as yet.

Should Protect Public

"The city is investigating the possibility of going into the sale of gasoline," declared Mr. Traxler. "While it is essentially true that the city should not go into private business in competition with business that exist in the community, still, in the case of gasoline, which is becoming an article of universal use, I believe the public should be protected by the city."

"If the city enters the business, it will be in the sale of gasoline, which is becoming an article of universal use, I believe the public should be protected by the city."

MISTRESS WILDING:

A ROMANCE, BY RAFAEL SABATINI.

SYNOPSIS.
Young Richard Westmacott, by nature cowardly, but fired by the wine of Lord Gervase's security, boldly and bravely dashes a cup of wine into the face of Anthony Wilding when that gentleman is about to drink a toast to Ruth Westmacott, the rash young fool's sister. He knows Wilding loves Ruth and calculates for the reason he may insult Wilding with impunity. But Ruth has scorned Wilding's attentions, and now he means to make her suffer through her brother, a great favorite with her. Wilding and Richard, who is a duelist on the morrow, fight. Richard rides to his sister's home in Bridgewater a sobered and an angry man. Sir Rowland Black, the author Richard favors, for he has drawn a bargain with Black, that when Richard marries him a share of her possessions will be made over to Richard, who is a spendthrift and a gambler. But Ruth is not to be won by him. At the same time her cousin, Diana Horton, is deeply in love with him. The morning of the duel Sir Rowland appears early at the Westmacott home in an effort to help Richard. He is with Richard's trouble, Diana persuades Ruth to call on Wilding and ask him to forgive her brother, which her brother would certainly be killed. Wilding says he will spare Richard's life and honor if she will marry him.

Miss Horton looked up at him, and under the gleam of her eyes, she saw a man of unfathomable ignorance. Then she turned aside her eyes and shrugged her shoulders very eloquently. "You are a man of the world," she said. "You cannot seriously suppose that any maid would so imperil her good name in any cause?"

Darker grew his florid countenance, his blue eyes looked troubled and perplexed.

"You mean that she loves him?" he said, between question and assertion.

Diana pursed her lips. "You shall draw your own inference," she said.

He breathed heavily, and squared his broad shoulders, and as if he were bracing himself for battle against an ancient stronger than himself.

"But her talk of sacrifice?" he cried.

Diana laughed, and again he was stung by her contempt of his perceptions. "Her brother is set against her marrying him," said she. "Here was her chance. Is it not very plain?"

"Doubt stared from his eyes. 'Why do you tell me this?'"

"Because I esteem you, Sir Rowland," she answered very gently. "I would not have you in a matter you cannot mend."

"Which I am not desired to mend," said rather, he replied with heavy sarcasm. "She would not have my interference?" He laughed angrily.

"I think you are right, Mistress Diana," he said, "and I think that more than ever there is the need to kill this Mr. Wilding."

He took his departure abruptly, leaving her scared at the mischief she had made for him in seeking to save him from it, and that very night Sir Rowland Black, who had been to her, came to her again.

Under his placid surface the West Country was in a ferment. And it hitherto Mr. Wilding had disavowed the insubstantial rumors of the instant coming, his assurance was shaken now by proof that the Government, itself, was stirring.

For four companies of foot and a troop of horse had been that day ordered to Tisbury by the Deputy-Lieutenant. Wilding was gone with Trenchard to White Tackleton in a vain hope that there he might find news to confirm his persisting belief in any such rashness as was alleged on Meamouth's part.

So Trenchard was waiting, but his purpose suffered nothing by delay.

Returning on the morrow, he found Mr. Wilding at table with Nick Trenchard, and he cut short the greeting of both men. He flung his hat—a black easter trimmed with a black feather—rudely among the alms of the servants.

"I have come to ask you, Mr. Wilding, what you think of this?"

"Because I esteem you, Sir Rowland," she answered very gently. "I would not have you in a matter you cannot mend."

"Which I am not desired to mend," said rather, he replied with heavy sarcasm. "She would not have my interference?" He laughed angrily.

"I think you are right, Mistress Diana," he said, "and I think that more than ever there is the need to kill this Mr. Wilding."

The Mystery Deepens.

UNDECIDED—Your answer to the young man when he asked to call on Sunday night probably discouraged him and made him feel you were not interested in having him come. The next time you are talking with him tell him you were sorry you could not give him a definite answer when he asked to call that night and you hope he will come some other time. I think you are rather young to keep company with a young man eight years older than yourself. It would be better if you had friends of your own age.

CLARA O.—You are old enough to go to shows with boys. You would also be old enough to attend dances if you cared to go. So many young people who go machine riding at night do not behave themselves. Others go and their conduct is beyond reproach. It is a dangerous thing to do, however, unless the girl is very sure of the character of her escort.

BROKENHEARTED PAIR.—Probably you can find out through the girl the name of the person who slandered you and then see that the party corrects his statement. Such a thing would be punishable by law if you cared to take the matter to court and prove that the statements were false.

PERPLEXED.—With all the forlorn children in the world to mother, "Perplexed," and all the lonely young girls and boys, your job seems all out for you. Keep your freedom and independence, and all your life to the brim with giving.

MARIE MC.—It is your place to speak to the boy first. If you do so he is friendly way as if nothing has happened, I think he will be glad to speak in return. Probably his feelings are hurt and he was humiliated to think that you returned his ring when he said you could keep it if you wanted to. Do not apologize or act as if you were sorry simply forget your quarrel and be friendly. If you have been in the habit of spending the night with his sister, do not let your quarrel make any difference between you and her. Quarrels are childish things and the sooner they are forgotten the better.

FROM FIVE TO SEVEN DAYS, usually, about pressure of congestion, probably.

ANSWER TO MRS. W. R.: The advice you asked for is answered under the question of Mrs. C. W. who writes: "I have a five-month-old child should be fed every three or four hours and can take from six to seven ounces at a feeding, according to whether she is a small or large baby for her age. She can take half water and half cow's milk (not too rich a milk) and one to one and one-half ounces of sugar for the whole day. She can be fed at 4, 9, 12, 3 and 6, and once at night. The quicker you get her on regular hours and a proper food, the quicker you will have some peace and comfort. I have a way of getting the child to feed a child every 30 minutes."

ANSWER TO MRS. M. C.: If you are in the habit of taking a daily bath, bathing during the menstrual period, after the first day, should not affect you. Most people do. One used to hear some sort of superstition about persons contracting consumption, but no one ever seems able to show up any victims.

YOUR BABY AND MINE

By MYRTLE MEYER ELDRED

Mrs. Eldred is happy to advise all mothers about the care of their children of any age, or on any subject which does not belong in the field of the doctor.

Mrs. P. P. P.: Thank you so much for the nice letter you wrote me, and I am sure you do understand that in spite of our unselfish efforts in behalf of the person whose child has some eyes that personally I cannot undertake to pass on advice about patent medicines, or print advice of this nature. I have a way of getting the child to feed a child every 30 minutes."

TODAY'S RECIPES
Noodles and Tomato Sauce.—Cook two cups of noodles in plenty of salted boiling water rapidly for 30 minutes, then drain and put in buttered baking dish with two tablespoons of butter, one and one-half cups of tomato sauce, one teaspoon of salt, one-quarter teaspoon paprika; sprinkle with grated cheese and bake until brown.

Salmon Salad.—One small can salmon drained and minced, one-half cup English walnuts, two stalks celery cut fine, juice of one lemon, salt to taste; mix with cooked salad dressing. Serve on lettuce leaves.

Cottage Pudding.—Cream one-quarter cup butter, add two-thirds cup sugar, one egg, one cup milk, two and one-quarter cups flour, four tablespoons baking powder, one-half teaspoon of salt. Mix for plain cake and bake 30 minutes.

Custard Sauce.—Three tablespoons flour, three tablespoons sugar, two cups milk, one-half teaspoon vanilla, one egg yolk, one-half teaspoon salt. Stir flour and sugar together, stir in milk and cook, stirring constantly. When thickening, remove and beat in the egg yolk, put in double boiler and cook until thick, remove and add vanilla.

Meat and Spaghetti.—One cup spaghetti, two cups cooked cubed beef, one cup tomatoes, salt and pepper to taste, one cup meat stock, three tablespoons butter substitute or drippings, one-half cup bread crumbs, one tablespoon butter.

Boil spaghetti in salted water until tender, brown cubed meat in drippings or butter substitute, add meat stock, tomatoes, spaghetti, salt and pepper, and butter, and cover with buttered crumbs, bake until brown.

SUGGESTION
To get the crinkles out of wool that you have unraveled from a sweater, wash it in a skin, tie it at one end and keep it together, wash in lukewarm water, dip loosely in a towel and put near the heater to dry. When it is dry the wool is clean, the crinkles are out and it looks like new.

NEW BREAD CABINET
A new bread cabinet has just been placed upon the market which makes it very easy for the busy housewife to save the bread crumbs when eating the bread for a meal. The cover of this new roomy and sanitary cabinet swings downward to lead to the dangerous and expensive sick-bed unless corrected in time. Dr. H. S. Thacher, noted medical

practitioner, perfected a wholesome vegetable preservative to keep the liver healthy. It is giving quick relief and renewed strength, energy and vigor to numbers here. This prescription, known pharmacologically as Dr. Thacher's Liver & Blood Syrup, doesn't cost much, is pleasant to take, and contains only ingredients that are known to physicians for their corrective and healthful properties.

Try this great prescription yourself. Notice the quick difference in the way you look, eat, sleep and feel. You will be completely satisfied; otherwise, there will be no cost. Dr. Thacher's Liver & Blood Syrup is sold and recommended by McCue and Bass Drug Co., Smith's Pharmacy, and J. H. Bliss in Janesville; Atwell-Dallman Drug Co. and Deim Swift in Edgerton; Collins in Evansville.

Heart and Home Problems

Letters May Be Addressed to Mrs. Thompson, in Care of the Gazette.

AN OLD LADY'S PROBLEM
I am just as happy as the best young people who write to you of their trials, but old folks have troubles, too, and here I am with some of mine. I am 65, husband dead and no children to live with; I would like to live alone, but oh, no, that wouldn't do. Even the neighbors object I might get sick. I have no nearer relatives than nieces and nephews and I am sure none of them want me to live with them, although they have not told me so. I cannot blame them. People don't want their home life spoiled by having an outsider in the family. I don't want to go to an "old folks' home," not yet. It is so much like sitting down and waiting for what comes to us all. Now I wonder what I can do? Even if I could get a clear conscience, I would prefer to keep their own.

Beauty Chats

BY EDNA KENT FORBES
SOME BEAUTY FORMULAS

There are several little things which every woman who wishes to preserve her beauty must keep on her dressing table or in her bathroom cabinet. One is a good quality general cold cream. I have given you the formula for this, but in case you have forgotten it, here it is:

White wax 1 ounce
Spermaceti 1 ounce
White mineral oil 5 ounces
Rose water 1/2 ounce
Powdered borax 30 grains
Oil of bitter almonds 30 drops

This last item may be changed to 15 drops of any perfume oil that suits your fancy. Personally I like the fragrance of the bitter almond. This formula is very simple to make up and gives you enough cold cream to last some time. If you wish the cream to be thicker, add a few drops of cleansing, substitute olive oil or almond oil for the mineral oil.

In addition to a cold cream you need a hair tonic. Personally I recommend the one I have given you on the market; but you can manage very well by purchasing an ounce of tincture of benzoin and pouring it into a bottle of cold cream. You will find this thin skinned tonic. Such an asstringent costs almost nothing, and you can put your money into the bottle which will be a permanent ornament, rather than into the contents. To use such a strong tincture wet a bit of absorbent cotton with water, then with this solution and rub over the face after it has been washed and rinsed.

You have now the three essentials: a cream, a hair tonic and an astringent. You need a loach, I can don by using the same every day until it grows from increased circulation.

Walking is one way of reducing the hips but playing tennis will be more beneficial, as you will be exercising all over.

FT. ATKINSON

JEFFERSON

Port Atkinson—The Jefferson County Grange Association had their annual picnic at the home of Harry J. Becker, route 2, Wednesday, June 11. Three hundred fifty people sat down to dinner at long tables under the trees on the Becker lawn. Many others came for the afternoon program. Immediately after dinner there was a car race, judged by men, women and children, prizes going to the best judges. Russell Frost had charge of the children's games, prizes being awarded the winners. A ten-mile race was put on between the Grange men and the Holsten men, resulting in a 4 in favor of the Grangers. Barnyard golf furnished entertainment for a large number.

The Service Star Legion had their monthly business meeting at the public library, Wednesday afternoon, June 11. Most of the time was devoted to business matters. It was voted to hold a cooking sale at Decker's Drug store, June 28. The next meeting is to be a social meeting, with picnic supper. For program Miss Marion Decker gave several readings.

Tom Burchard is leaving Saturday in company with a number of university boys for Camp Knox, Louisville, Ky., to take part in a course in an officers' training school. They are to go by auto and will be gone until the last of August.

Mr. and Mrs. Will Desheimer and Mr. and Mrs. Clifford Haumerson drove to Chicago, Wednesday. Mrs. B. J. Buckingham returned from her trip with her husband, visiting several cities in Minnesota and the Dakota.

W. L. Beach spent Thursday in Chicago.

HEBRON

Hebron—Miss Annie Sturges returned Tuesday from a several weeks' visit in La Grange, Mo. and Mrs. George Peterson, Elberton, visited at the William Parsons and O. L. Owens homes recently. Miss Sadie Hill spent the week-end in Chicago. Jennie and Marjorie, daughters of William Parsons, were with their grandparents, Mr. and Mrs. O. P. Owens. Miss Sadie Hill closed her school Friday with a picnic dinner at the town hall. A ball game was played in the Van Duser grove in the afternoon. Miss Hill will return for another year. Mrs. Nancy Winn was the guest Sunday of Mrs. Sazie Cushman at the Leonard Cushman home. Mr. and Mrs. Chester Biddle, Mrs. A. L. Blanchard, West Miss M. and Mrs. James Blumhagen and E. Burrows, Waukegan, Mr. and Mrs. R. E. Owens and children, Mr. and Mrs. T. Gehman and baby and M. Stewart, Waukegan, Ill., were guests at the O. P. Owens home Sunday. Mrs. A. Corley Giles, Chicago, went to Whitewater Monday to visit. Hebron church will hold children's day exercises Sunday, June 15, starting at 10 a. m.—Hebron summer school for all boys and girls in the community will be open every Tuesday from 8 to 11 a. m.—The fourth quarterly conference will be held Tuesday, June 17, starting at 2 p. m.—A home talent entertainment and program will be given at the town hall Friday night, June 18.

JAPANESE WAGE RATES.
(By Associated Press.)
Tokio—The average daily wage of Japanese laborers, including women, is 1.55 yen, or nominal exchange about 75 cents in American currency, according to figures published by the home department. The average wage for male laborers is 1.75 yen and for women 85 cents, and the average work day is 10 hours, 25 minutes.

FARMERS' PHONE CO.

VALUATION \$35,000

Figures on the valuation and equipment of the Rock County Farmers' Telephone company are contained as a part of its petition to the Wisconsin railroad commission for a share of toll rates collected by the Wisconsin Telephone company on long distance calls originating in the lines of the former company. The petition lists the value of the property in excess of \$25,000 and the number of subscribers at 205. Equipment consists of 180 miles of pole line, 750 miles of wire and 285 instruments.

WISCONSIN LEGION
COMMANDER ASKS
AID FOR DISABLEDVILAS WHALEY
State Commander, American Legion.

(By Staff Correspondent.)
Lake Mills—"Let us keep faith with those who struck a blow for glory and for truth and passed out into the shadows."

So pleaded Vilas Whaley, Racine, Wisconsin department commander of the American Legion, speaking before a crowd of several thousand at the American Legion homecoming and festival here Thursday afternoon.

"By so doing," he said, "we will demonstrate our affection for the dead and do our duty to the living. Keep faith with those who died and the mystic chords of memory, stretching from each patriot's grave, will swell the sympathetic chorus of the nation and respond until the end of time. Here and now let us consecrate our lives to complete the work to which they gave themselves and be as willing as were they to surrender all for justice and world peace."

The Legion leader inculcated in those words the dead of all wars of the United States, painting word pictures of praise for the men of the Civil war, the Spanish-American war and the World war. He eulogized the memories of Washington, the founder, and Lincoln, the preserver. He urged that the disabled soldiers be not forgotten, nor the mothers of the dead.

Back of the American Legion, he said, is a sound basic reason for its existence, a purpose, a devotion, a dedication to better citizenship and higher civic ideals, as well as the consecration of World War friendship.

THOUSANDS ATTEND
LAKE MILLS FETE

City Thronged with Visitors
For Homecoming; 45 Motor
Floats in Parade.

(By Staff Correspondent.)

Lake Mills—For the first time in 10 years, Lake Mills is celebrating with homecoming and festival, dropping the duties of the shop, the store, the office and the plow to mix in a mood, wholesome time.

Five thousand people—two-thirds of them visitors to the city—were here on Wednesday. An equal number is expected on Thursday when another big day of games, music, speeches and dancing will be held.

It is the greatest celebration in the life of the city. It is being staged by the local American Legion with but one view in mind—two big holidays with fun for everybody. The city is draped in gay attire with the national colors predominating.

Big Parade Features
The feature of Wednesday's celebration was an industrial and commercial parade in which 45 motor floats were entered. Thousands lined the square as the column moved twice around it, led by the Lake Mills band. The fire trucks participated.

The Rev. Robert H. Clarke, Legion commander, officially opened the festival with a speech of welcome and the visitors were greeted by Mayor L. P. Hartz.

Thousands were at the baseball game in the afternoon when the Lake Mills defeated Port Atkinson, 3 to 1. Thousands more were present at the fireworks exhibition on the high school campus at night and hundreds danced at the Rock Lake pavilion to the symphonies of "Cape" Harvey's famous White City orchestra. The celebration will continue all Thursday, closing with dancing at night.

Concerts and Events

All through the day, band concerts were given by the local band. An unusual part of Wednesday's program was a demonstration of "Glas" German police dog owned by W. J. Lank, which wrestled and threw a man and leaped a seven foot barricade. The animal, answering only to commands in German, demonstrated again Thursday.

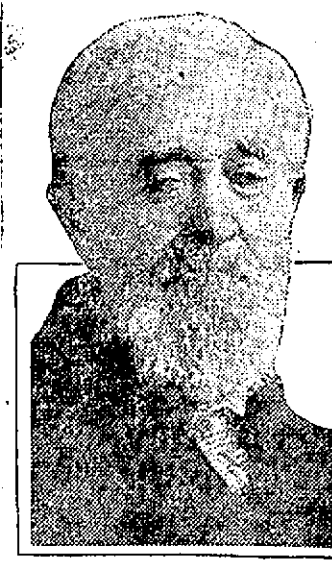

In athletic events, Wednesday, which will be finished Thursday to determine the all-around individual champion, Ludwig of Watertown took a firm grip on the medal for first place. The results:

100-yd. dash—Mrs. Ludwig, Watertown; second, Pohlman, Lake Mills; third, Pease, Lake Mills. Time—1:24.

Football punt—First, Ludwig, Watertown, punting 40 yards in a 10-foot lane.

Unusual throw—First, Pease, Lake Mills; second, Schindler, Lake Mills. Distance—305 feet.

Broad jump—First, Nelson, Stoughton; second, Pease, Lake Mills; third, Ludwig, Watertown.

HOPES TO VOTE FOR
A PRESIDENT 20TH
TIME IN NOVEMBER

Beverly Armstrong.

If he lives until November, Beverly Armstrong, 87, Homerus, Ill., will have attained the distinction of having voted at 20 presidential elections. Starting with his first vote in 1843, cast for Lewis Cass (Democrat, defeated by Zachary Taylor, Whig), he has voted regularly at every election since and claims a record. He has spent his entire life in Shelby County, Ill.

PORTER

Porter—Francis Boss, Janesville spent the week-end with his parents. Mr. and Mrs. Jean Hibbard, Janesville, were guests Sunday of the Clayton Cob family. Mr. and Mrs. G. Kethlow and daughter, Wilma, Edgerton, were callers at the C. H. Bata home, Sunday. D. Wheeler entertained the Help-a-bit club Thursday. Mrs. Neil Johnson will entertain them Wednesday, July 2. There was a large attendance at the E. Wheeler farm Wednesday night. Miss Lara Dublitz, Edgerton, has been engaged to teach in the Steving school the coming year. O. Olson went to Port Atkinson last week and brought home 100 baby chicks.

COACHMAN EXECUTIONER.

(By Associated Press.)
Neuburn, Bavaria—Johann Reichert, a coachman of this town, has been appointed public executioner for Bavaria. He is to be paid about \$35 for each head he cuts off and will be given travel expenses and \$2.50 daily for living expenses while away from home on official duty.

AUTO LICENSE
DISCOUNT ON
NEW CARS ONLY

Automobile owners, who are waiting to license their cars after June 30, when they expect to get a discount of 25 per cent, will be disappointed, according to a statement received in Janesville, from Fred H. Zimmerman, secretary of state. The discount applies to new cars only and the applicant will be required to make affidavit that the car in question has not been used this year prior to July 1. Mr. Zimmerman also calls attention to the fact that the provision for discount goes into effect after June 30 and not on June 1. Much confusion and delay has been caused in the department of state by applicants who have been misinformed about this provision. The reverse side of the application card gives the correct dates for discount.

STANDARD OIL HAS
NEW INSURANCE PLAN

A score of Standard Oil company Indiana employees in Janesville and vicinity will benefit by a new employees' benefit plan of the company by which workers will be given life insurance. The insurance will range from \$500 to \$2,000, the latter amount for those in service 10 years or more. Dependents of 25,000 of the company's employees in 12 states will become beneficiaries.

A Gentle Wife.

The victim of a cyclone was telling of his experiences. "Suddenly, without warning," he said, "the house was nothing but a mass of wreckage, and fragments were flying in every direction. How I got out alive I don't know."

"My goodness!" little Mr. Meeker, calculated as he bumped up, "that reminds me, I almost forgot about an errand my wife told me to do."—Signed.

Scaffold Falls,
Three Are Hurt

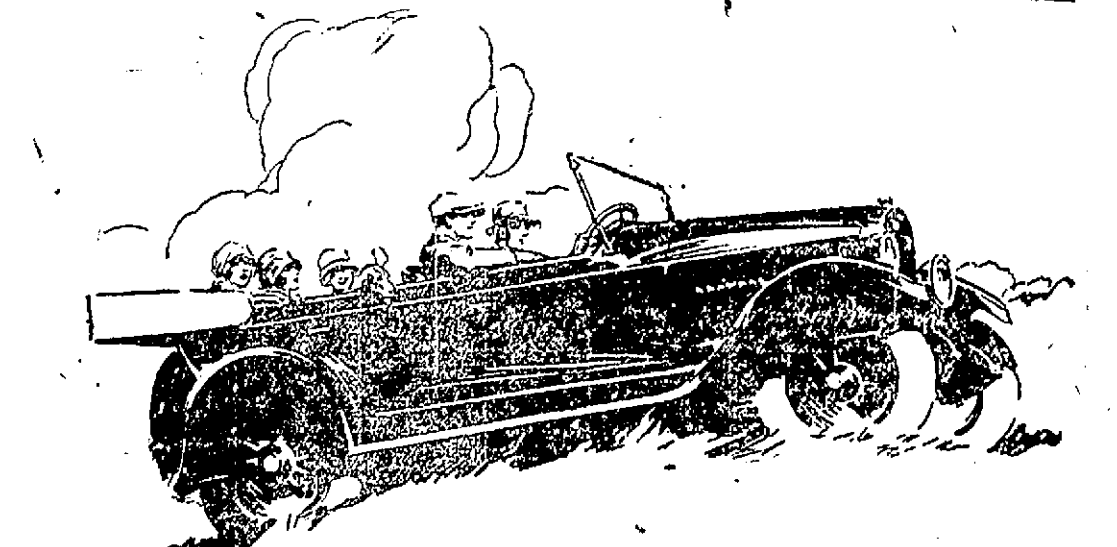

(SPECIAL TO THE GAZETTE.)

Holmen—Three carpenters were injured, two seriously, when a scaffold, built against the side of a barn on the August Heimann farm near here, collapsed while they were working, throwing them to the ground, at 3:30 p. m. Wednesday.

True Bricham, Davison, suffered three or four broken ribs and Roy Krantz, Sharon, has a compound fracture of his left arm. Charles Waiters, Sharon, escaped serious injury, but was badly bruised in the fall.

Lee Jacobie was injured, clinging to the roof until rescued. Krantz' arm and shoulder were crushed when a large plank from the scaffolding fell on top of him.

All of the men were taken to their homes. They had been shingling the barn.

A history maker—
and still the Leader!

THE STUDEBAKER Light-Six—a history maker—the first fine six-cylinder car under 3,000 pounds at a four-cylinder price.

A car with followers, imitators and adapters by the score—but with no rival in quality, popularity or sales volume. It is still the Leader!

A car built to fulfill the ideal of producing the greatest automobile value in the \$1,000 field—the car which started the stampede from fours to sixes.

A car with a specially designed offset valve motor of remarkable quietness, economy, freedom from vibration—and with tenacious resourcefulness of power on the hills, the straightaway and the pickup!

A car comfortable, roomy, good-looking, very easy to handle on the road, in traffic or in parking—long-lived, low in first cost and especially low in up-keep costs. The market's one best bargain for the man who wants all the car he can get at about \$1,000.

A car that is an investment, not an expense, because it can be bought on very liberal terms, sold or traded in at a very high resale value on a market always ready and waiting for a used Light-Six Studebaker—its popularity and demand as a used car are the most convincing evidence of its goodness as an automobile.

STATE WORKS ON CEMENT PROGRAM

Plans for Large Purchases for Municipalities Are Formulated.

[BY ASSOCIATED PRESS]

Jan. 1924.—The Wisconsin state highway commission will be asked in the near future to work out plans for purchasing large quantities of cement for road building purposes for municipalities of the state the same as is done with counties and the present time, under plans suggested to the annual convention of the Wisconsin League of Municipalities here today by Prof. Ford MacGregor, University of Wisconsin, secretary of the state association.

Wisconsin cities would have between \$250,000 and \$300,000 annually by such a plan, Prof. MacGregor declared before the convention. He strongly advocated adoption of the plan and steps to carry it out.

Conferences Held

Already informal conferences have been held with highway officials, the state secretary said, relative to carrying out such a plan. He said he has been advised that amendments to existing state highway laws probably would be necessary to authorize the plan, and suggested that the state league on record as favoring such legislative amendments as necessary.

Wisconsin counties save probably \$250,000 annually through the purchase of approximately a million barrels of cement by the state highway commission. Secretary MacGregor said. This is accomplished because the state commission obtains reduced rates from factories on cement. It gets a flat ten per cent reduction on the wholesale price, officials declare. In addition to this, there is no retail profits, which probably adds another fifteen cent saving per barrel.

Other problems debated. "Considering the wholesale, retail and contractors' profits, which are not included in the state price, it is conservatively estimated that the counties are saving as high as forty cents per barrel for their annual cement purchases. This spring the highway commission purchased slightly over a million barrels of cement for counties of the state."

Other highway problems discussed today were highway financing, by Frank A. Cannon, Madison; regulation of automobile traffic, by M. Howard, Winona; Mims, the gasoline tax and uniform traffic rules.

Asks Gasoline Tax Retention of the highway organization of the state highway commission as opposed to the removal of the two ex officio members, and passage of a gasoline tax bill were

the chief measures advocated by Frank A. Cannon, executive secretary of the Wisconsin Good Roads association, speaking before the convention.

Speaking of highway expenditures, Mr. Cannon indirectly voiced an attack on Governor Blake for his recent statements about expenditures.

Statement Misleading.—"The statement that \$33,000,000 is spent on highway work every year in Wisconsin is grossly misleading," he said. "These figures include city streets, village streets, town roads, county and state roads. The only state expenditures were \$4,000,000 from automobile licenses and \$3,000,000 from federal funds which passed through the state hands, and the sum of \$885,000 from the state fund."

County expenditures amounted to \$22,000,000 voted by the people of their own free will. There is absolutely no basis for the statement that the counties were forced to spend this money as the state is wholly without authority to compel them.

Start Seeding of Athletic Field for Use in Fall

Work of preparing the new high school athletic field for practice and games during the football season next fall, as ordered by the board of education at its meeting Tuesday night, was started Thursday morning, with James Gagen as general supervisor. Three or four men, with several pieces of grading and leveling equipment, were at work on the site of the field, where trees have recently been cut to make it of required length.

PAY TRIBUTE TO DRUGGISTS' 'DADDY'

Mandabach Memorial Home to Be Dedicated at Palmyra Next Week.

[SPECIAL TO THE GAZETTE]

Palmyra.—In dedicating the P. A. Mandabach Memorial Druggists' National Home here next Thursday, as the feature of the fourteenth annual convention and drug show, the National Association of Drug Clerks will honor and perpetuate the memory of its founder, Paul A. Mandabach.

It was he who conceived and attended the birth of the National Association of Pharmacologists, which at its start at Columbus, O., he called the National Association of Druggists. As secretary and treasurer he nursed it in its infancy and at the time of his sudden death, on July 6, 1921, at Chicago, had seen it grow into a great organization. The establishment of the home is the realization of the dream which Mr. Mandabach had as one of the prime purposes for the druggists' association. In 1910 he selected the Palmyra site as the best for the home of all those throughout the country which came under his observation. He had for years seen the need for a home for members of his profession where they could spend their declining years in association with each other and without the embarrassment that accompanies living in a county or other charitable institution.

Dr. Mandabach's name will live as one of the leaders in the druggists' profession.

"Daddy of Drug Clerks," he was called by his indefatigable efforts in their behalf.

Born in Massillon, O., Sept. 2, 1865, Paul Mandabach was given the responsibility of helping support his mother and younger brother and sister at an early age, when his father died. He served an apprenticeship in the drug business under H. J. Balthazy, at Massillon, and studied pharmacy at Cincinnati, later taking up medicine. He graduated in both departments.

His alma mater, the Central States College of Pharmacy, honored him in 1914 by awarding him the degree of doctor of philosophy and in 1920, the honorary degree of doctor of pharmacy.

He engaged in the drug business at St. Sterling, O., and later went to Columbus, O., where he operated three stores. He was president of the Ohio Institute of Pharmacy, a correspondence school in pharmacy, for many years. His work in this organization led to the organization of the national association.

Had Many Interests.—Dr. Mandabach, in addition to

serving as secretary-treasurer of the National Association of Drug Clerks from 1916-1921, had many varied interests. He served for many years as chairman of the board of directors of the Central States College of Pharmacy of Chicago. While at Columbus, he was president of the American College of Electro-Therapeutics and for a time edited the Medical Educator and the Home Physician and Guide to Health. He was a director in several corporations.

While what the good Mr. Mandabach did for the drug clerks and the association cannot be catalogued because they were so numerous, his fight that secured the adoption of the prerequisite law and national reciprocal registration is outstanding. This has made it possible for a clerk registered in one state to practice in another.

National Recognition.—His plan for the creation in Washington of a national pharmaceutical commission co-ordinated with the

medical department of the United States Army and Navy, has received national recognition and may some day be adopted in some form, it is predicted.

A quickly ascending elevator brought his life to an untimely end at Chicago, July 6, 1921, and took from the earth, a true friend of thousands and a man of sterling worth, one whose memory will live forever through the home in Palmyra.
